Hong Kong Ice Hockey Association Chairman Remarks

First, on behalf of the Association I would like to thank the Hong Kong government for funding the Hong Kong Ice Hockey Association (HKIHA) for many years. Also, for empowering the HKIHA as the only organization to send out the Hong Kong National Teams in foreign and international competition. HKIHA is also a member of the Sports Federation and Olympic Committee of Hong Kong, China. Thank you to the IOC's contributions and support to all sports!

Our Honorary President Mr. Thomas WU significantly contributes to Hong Kong ice hockey. Therefore, this year we once again nominated Mr. Thomas WU as IIHF Vice-President in the International Ice Hockey Federation's Council Election. We would like to congratulate Mr. WU for being re-elected as Vice-President. HKIHA looks forward to Mr. WU in resume his role as Vice-President and his drive to promote the development of ice hockey in Asia. Also, to assist and develop Hong Kong ice hockey standards, from an amateur level towards professional.

We have a new breakthrough with match officials. In March 2016, for the first time HKIHA successfully sent 2 male HKIHA Registered Officials Mr. Yoann RIOU and Mr. Otto CHAN to the United Arab Emirates (UAE) as officials for the IIHF international competition held in UAE. In addition, for the first time female HKIHA Registered Official Ms. Tracy WONG was sent to officiate in the Women's Challenge Cup of Asia in Chinese Taipei. I hope in the future there will be more opportunities for our officials to go abroad and officiate in international events.

In the past season, we held numerous events and competitions. There was the Guangdong, Hong Kong, Macau Ice Hockey League (Hong Kong Stop), China Hong Kong Junior Ice Hockey Challenge (Hong Kong Stop), Hong Kong National League (NL), Hong Kong Youth National League (YNL) and more. Over the past year, we have sent the Senior Team to compete in Macau, and Shenzhen and other places to compete in the "Guangdong, Hong Kong, Macau Ice Hockey League. Both Senior Men's and Women's Team to Urumqi, China, and the Junior Team to Taiwan, Korea, China, Chengdu and other places to for friendly and exhibition games.

For the first time, this year we have cooperated with China's 'Champion Rink' group in organizing a junior ice hockey league. In China, 'Champion' manages 26 ice rinks across the country and their own youth teams. Thus, the partnership will be extremely beneficial for Hong Kong youth players and junior teams development. Here is to our happy cooperation! In the future, we will have more youth and junior events. In July-Aug 2016, we will be competing in Beijing in the Junior Champions Cup tournament. In October, we will compete in Xiamen, China, the Xiamen Stop part of the China Hong Kong Junior Ice Hockey League.

For this summer, a competition for adults named Hong Kong Summer National Hockey League, will commence in June 2016. Junior and youth division's summer league has both begun in May 2016. In the coming season, we will continue to host adult and youth ice hockey leagues: the Hong Kong National Hockey League (NL) and the Hong Kong Youth National League (YNL). The Hong Kong adult league will include the "full contact" element for the coming year. As for training, Junior and youth Feeder Programme training will begin in September 2016. Men, Women and U18 team will begin training in October 2016.

As there are constraints and lack of Hong Kong ice hockey training facilities. This year we introduced Hong Kong's first ice skating treadmill. The new Hockey Centre provides skating training with the treadmill and a practice area for shooting and passing. We hope to give players more opportunities to practice and develop their skills.

All in all, HKIHA will continue to nurture and explore Hong Kong's young players, particularly those that are 8 years old and younger. HKIHA hopes that all registered clubs will cooperate with the Association; to nurture and develop hockey talents together and the mission to develop Hong Kong ice hockey!

About Hong Kong Ice Hockey Association

Hong Kong Ice Hockey Association (HKIHA), currently registered as HongKong Ice Hockey Association Limited, was established in 1980. It primarily aspires to have better management, development and promotion of ice hockey in Hong Kong. HKIHA is a full member of the International Ice Hockey Federation (IIHF) and an associate member of the Sports Federation & Olympic Committee of Hong Kong, China (SF & OC). As a National Sports Association, Hong Kong Ice Hockey Association (HKIHA) is able to receive subventions from the Leisure and Cultural Services Department (LCSD) to provide various programs that help the development of ice hockey in Hong Kong.

In the role of the national sports association for ice hockey in Hong Kong, the goal of HKIHA is to promote both ice hockey and inline hockey in Hong Kong and Asia. HKIHA provides training sessions to their players, development programs to youth and adult players as well as officials and coaches, and organize all levels of competitions for players in accordance with the international ice hockey rules and regulations.

Every year, HKIHA allows their youth and adult players, coaches and game officials to participate in the IIHF camps as well as the Asian Development camps to help their participants develop, train and improve their skills and continue to reach and partake in higher levels of competition. HKIHA also oversees the three national teams - the Hong Kong Senior Men's National Team, the Hong Kong Senior Women's National Team and the Hong Kong U18 Men's National Team, all of which compete in the IIHF World Championship program.

2015-2016 Feeder Programme (U12/U16)

The Junior Feeder Program, also known as the Junior National Team Development Program, is a training program designed to help youth hockey players develop their skills that will one day help them reach their full potential. In the future, we hope that these players will be able to represent Hong Kong in international tournaments.

The Feeder Program consists of the best players within their age group and can only be selected to participate through tryouts and an evaluation process. These 2 processes are done based on the first tryouts and their performance in the Hong Kong Youth Ice Hockey League. By maintaining a high standard with top talents, the Feeder Program allows a chance for elite players to practice and compete with each other to allow further progress and development.

For 2015-2016, HKIHA is proud to have the following interns coach the Feeder Programme:
