Hong Kong Ice Hockey Association Chairman Remarks

Mr. Mike Kan HKIHA Chairman

On behalf of the Hong Kong Ice Hockey Association (HKIHA), I would like to thank the Hong Kong Government, HK Sports Federation and Olympic Committee (SF&OC), the government branches such as: the Leisure & Cultural Services Department (LCSD) and Home Affairs Bureau (HAB) for their support!

As well, I want to thank all players and parents for building a great hockey community in Hong Kong.

HKIHA's primary goal for the upcoming years is to continue focusing resources on youth development. We hope the next generation of players will add youth into our current teams and accomplish even greater results.

Currently, HKIHA annually hosts and organizes the Youth National League (YNL) in 4 age categories: U8, U10, U12, U16 Divisions. HKIHA also organizes the adult National League (NL) and Junior Feeder Programmes, also known as the National Team Development Programme, with U8, U10, U12, U16 Divisions.

By offering elite level league play and development practices for Hong Kong players, HKIHA is confident that Hong Kong ice hockey is improving and moving towards a brighter future. With these programmes in place, Hong Kong aims to achieve greater success in international play such as the IIHF World Championships and the Asian Winter Games.

Thank you for your continued support for HKIHA and Hong Kong Ice Hockey.

About HKIHA

Hong Kong Ice Hockey Association (HKIHA), currently registered as Hongkong Ice Hockey Association Limited, was established in 1980. It primarily aspires to have better management, development and promotion of ice hockey in Hong Kong. HKIHA is a full member of the International Ice Hockey Federation (IIHF) and an associate member of the Sports Federation & Olympic Committee of Hong Kong, China (SF & OC). As a National Sports Association, Hong Kong Ice Hockey Association (HKIHA) is able to receive subventions from the Leisure and Cultural Services Department (LCSD) to provide various programs that help the development of ice hockey in Hong Kong.

In the role of the national sports association for ice hockey in Hong Kong, the goal of HKIHA is to promote both ice hockey and inline hockey in Hong Kong and Asia. HKIHA provides training sessions to their players, development programs to youth and adult players as well as officials and coaches, and organize all levels of competitions for players in accordance with the international ice hockey rules and regulations. Every year, HKIHA allows their youth and adult players, coaches and game officials to participate in the IIHF camps as well as the Asian Development camps to help their participants develop, train and improve their skills and continue to reach and partake in higher levels of competition. HKIHA also oversees the three national teams - the Hong Kong Senior Men's National Team, the Hong Kong Senior Women's National Team and the Hong Kong U18 Men's National Team, all of which compete in the IIHF World Championship program.

2017-2018 Junior Feeder Programme (U8, U10, U12, U16 Divisions)

The Junior Feeder Programme, also known as the Junior National Team Development Programme, is a training programme designed to help with skill development. The goal of this programme is to help the development of young hockey players so that they have the skills necessary to compete for Hong Kong in international competitions.

The Feeder Programme consists of the best players within their age groups selected after Feeder Programme Tryout Evaluations and overall performance in the Youth National League (YNL). By having the best players within their age group training and competing amongst each other, it will allow for quicker growth in skill development and experience.
